Shock disclosure in school's annual report

TEACHERS DIED FROM OVERWORK

Altona North High School's former principal and deputy principal, both died from overwork caused by a staff shortage at the school.

This was determined by a Workers Compensation Board, which accepted liability and paid full compensation, principal Mr. R. W. Roberts said in his report at the school's speech night last Wednesday.

"In August, 1967, my predecessor Mr. Richard McGill died, and in November, '69, Mr. Leslie Snow (deputy principal) died," he said.

"In both cases the Workers Compensation Board accepted liability and full compensation was paid.

"Overwork due to inadequate staffing of the school was accepted as being responsible for these tragic and untimely deaths."

RIGHT: Principal Mr. R. W. Roberts.

LEFT: Former principal, the late Mr. R. McGill.

Steam train picnic

An unusual sight in Altona on Cup Day was a steam train which pulled into the Altona Station to take scholars, parents and friends from the Baptist, Presbyterian and Methodist Sunday Schools on their annual picnic.

They were later joined at Newport by two Methodist Sunday Schools from Williamstown.

The five Sunday Schools had combined this year to share the cost of the steam train.

Approximately six hundred travelled on the train on its journey to Maddingley Park, Bacchus Marsh, for the day.

Mr Roberts said in a no-holds-barred report that staffing continued to be a grave concern because:

- A large number of senior positions remained continually unfilled, and
- The period of employment of temporary teachers was often short and terminated abruptly due in part to the inaccessibility of the school as regards public transport.

Mr. Roberts said the school's advisory council felt the Education Department's present policy of attempting to fill vacancies in the metropolitan area with temporary staff, perpetuated instability, and encouraged permanent teachers to transfer from the school, to areas where fewer changes occurred.

"The non-filling of four senior positions in the school has placed unreasonable loads on senior staff members," he said, "and although 1971 appointments have yet to be finalised, one senior teacher appointment still remains unfilled."

Mr. Roberts said that due to the large number of staff changes during the year, the time-table was in a continual state of flux, class teachers of certain forms were changed three or four times during the year, and absenteeism among staff was very high.

"On some occasions during July and with Departmental approval, classes were dismissed at 3.00 p.m.," he said.

"The only time the time-table has been worked since May, 1969 was on August 13, 1970."

Accommodation

Mr. Roberts also stressed the fact that the school had a severe accommodation problem.

"To overcome accommodation shortage form six Humanities-Commerce students were time-tabled so that were dismissed each Tuesday afternoon when their private study periods occurred," he said.

"Form six French and Art classes were cancelled and the six students either changed their courses, transferred to private schools or studied these subjects through correspondence courses."

Mr. Roberts added that the outlook for next year was much brighter as tenders for a Commonwealth Science wing (to be constructed as an extension of the centre wing of the school) had closed on September 29 and the Education Department would provide two more portable classrooms.

But he qualified this comment with the statement that he felt another post-primary school in the area was "an urgent consideration".

Out with the new, in with the old

Williamstown Technical School seems to have turned the tide of fashion and brought back old time dancing.

Organised by teacher, Mr. R. J. Swift, 150 boys and an equal number of girls are learning ballroom dancing from McGuire's School of Dancing in Yarraville.

The school originally ran a dance called Down-

town until it closed down due to lack of interest.

The group meets on Mondays, after school.

Proud parents will be able to view the coming out of their social butterflies in a graduation ceremony at the school soon.

WEST GATE APPEAL AT \$4278.40

Altona council's West Gate appeal fund — established for the six local people killed and injured in the West Gate Bridge tragedy — now stands at \$4278.40.

Although it was thought this total would be greatly swelled by contributions from various local industries, it is now known that most of the "complex" companies have already contributed to another State-wide appeal.

Contributions received to date include:

- \$500 — R. J. Gilbertson
- \$169 — R. J. Gilbertson engineering workshops
- \$118.45 — Altona North High School.
- \$100 — Australian Carbon

Black, St. Mark's Opportunity Shop, B. F. Goodrich.

\$50 — Altona Paving Company.

\$25 — Felt and Textiles rubber division, Altona North Kindergarten auxiliary, Altona Drama group.

\$20 — Carlsbrook Engineering Beta Sigma Phi Mu chapter, Supersonic Industries.

\$10 — Altona Life Saving Club.

\$5 — Saunders Malt.

The total also includes \$2999.95 collected in a door knock of all Altona homes on Sunday, October 25.

Homes wanted

The Single Mothers Group of Parents Without Partners is seeking offers of accommodation for several young mothers with a child.

In one case a 22-year-old mother with a young baby hopes to be able to live with a family, or share a flat with a girl. The baby is provided for during the day.

Inquiries are invited on 68 4222.

Minute's silence for West Gate men

A minute's silence was held prior to the Altona council meeting last week as a mark of respect to the local men who lost their lives in the West Gate Bridge tragedy.

Mayor (Cr. Doug Grant) in announcing that \$4024 had been raised to that date, said, "although the money raised will never be adequate, I believe it is a sound gesture on behalf of the ratepayers."

Both Cr. Grant and Cr. Les Croft together with Town Clerk Mr. Jim Waters are members of the committee set up to disburse the fund to the families of the victims.

An unusual setting for wedding party photographs — the Altona Apex Beach — was chosen by Mr. and Mrs. Raymond McGibbon after their wedding at St. Mary's Church, Altona.

Susan, the second daughter of Mr. and Mrs. Tony Medal, of Purnell Street, Altona West, and Raymond, the second son of the late Mr. and Mrs. Douglas McGibbon, of Reservoir, were married on October 3.

The best man was Richard McGibbon, the groom's only brother, and the bridesmaids were the groom's sister, Deidre and Dana Medal, the bride's sister.

The bride is a pharmacy assistant in Pepin's Pharmacy, Barkly Street, Footscray.

CAMERA CLUB

Those who are under the impression, that a camera club consists of a group of seriously minded shutterbugs would have been very surprised at last Week's meeting.

Members were shown a selection of prints which provoked roars of laughter from them.

Besides the humorous prints, there were black and white slides screened — a contribution from Roger Hyde. This was a change from the usual color slides.

Currently the club is organising a programme of fund raising for the purpose of building its own clubrooms.

Latest project is a fashion parade held in association with 'Eve Gwendoline' on Tuesday, November 10, at 8.00 p.m. in the Civic Offices. Tickets may be obtained from 'Eve Gwendoline' of Railway Street, or at door of the Civic Offices on the night.

Judging for the Altona Camera Club competition, "Portrait of a fellow Member" will be on November 12.

The Altona Camera Club meets every Friday of the month (except the first) at 'The Homestead' Queens Street, at 7.30 p.m. Please ring 398 1937 for further details.

Naming of the western area

Altona Meadows is the choice

The local council is striving to have the western section of the city officially named "Altona Meadows".

At present the locality, which is zoned "reserved residential," is known by sundry names such as Laverton Estates, Notla Estate and Truganina Estate.

Representation for the new name to be officially adopted were recently made by a council deputation to the Place Names Committee of the Lands Department.

The city was represented by the mayor (Cr. D. K. Grant, Cr. H. Weaver, the town clerk (Mr. J. W. Waters) and the city engineer (Mr. R. Simmons).

The mayor addressed the committee and its chairman, Mr. A. Middleton, said the presentation would be taken into consideration along with the views of other authorities before a decision was given.

The mayor pointed out that when Altona was created as a shire 13 years ago the council of the day determined that the area north of the railway line which was known by names such as Paisley, Brooklea and Newport West should be known as Altona North, with portion being known as Altona East.

By common usage the name Altona East has been dropped and the whole of the area is now known as Altona North, with a postcode of 3025.

Part of the area was known as Newport West and the City of Williams-town had no objection to the name change.

Likewise, to the north was the Brooklyn area and the City of Sunshine had no objection to it becoming known as Altona North.

Therefore, the mayor argued, the Shire of Werribee has no right to object to Altona City naming the section of subdivided and unsubdivided rural land within its municipality "Altona Meadows".

There was no reason for perpetuating the name of Laverton over the area — a name which could be retained for the area within the Werribee Shire.

It was pointed out that Altona Meadows was the subject of planning for 4500 allotments which could contain a population of 20,000 people.

Altona area itself could hold a maximum population of approximately 20,000 and Altona North could contain 20,000 when fully built upon.

With such growth projected it could be seen that the three residential areas should have names allaying their position to Altona.

The splendid Altona "operation beach clean" campaign will officially get under way on December 13.

Plans to get this year's campaign under way were discussed at a meeting last week chaired by Cr. R. K. Richards.

The launch will be on Sunday, December 13, at 10.30 a.m. with an inspection by the city councillors. The project will run until April 18 next year.

Attending last week's meeting were Mr. W. Lenszyn (minute secretary), Mrs. D. Strickland Altona North Girl

Guides), Mrs. L. Bibend (Altona Pedal Club), Mrs. D. Wood (District Commissioner Girl Guides), Mrs. B. Hyde (Altona Youth Club), Mr. R. Andrew (1st Altona Scouts), Mr. F. Giles (3rd Altona Scouts), Mr. G. Hunt (3rd Altona), Mr. J. Wall (Altona Lifesaving Club).

Mr. Wall stressed the value of the campaign. Since the campaign started there had been a great reduction in the number of cuts treated by first-aid officers of the lifesaving club.

Cr. Richards said more money would be spent on beach cleaning and sand conservation this year as there would be a subsidy from the Government on a \$2 for \$1 basis.

Several suggestions were put forward by representatives and these will be discussed by the council's shores and property committee.

Arm bands and buckets will be issued on the opening day, together with log books to record the number of hours spent by members collecting glass

and other dangerous debris.

Suggested zoning of the beach is similar to last year:

Surf Street to Millers Road, 3rd Altona Scouts; Millers Road to Bayview Street, 1st Altona; Bayview Street to Davies Street, Lifesaving Club; Davies Street to Pier Street, Youth Club; Pier Street to McBain Street, Altona Girl Guides; Ransome Reserve to Maidstone Street, Altona Pedal Club; Maidstone Street to Truganina Reserve, Apex Club and Altona North Girl Guides.

Life savers perform well

Altona life saving club swimmers gained places in 21 events, including 16 firsts, and won the B Grade championship (106 points) at the recent Royal Life Saving Society's swimming carnival.

Times recorded in some cases were faster than the times of the A Grade swimmers.

If these members can perform as well in the real and line drills the club should have some very capable and efficient life savers in the next year or so.

Club president Mr. Roy Edwards, vice-president and coach Mr. K. Terry, and Mr. and Mrs. R. Shaw were officials in attendance with the swimmers.

Full results are: Girls. — Under 12 backstroke, G. Shaw 1, K. Terry 2; Under 14 freestyle, C. Boyle 2, D. Sause 3; Under 16 backstroke, S. Shaw 1, J. Purdy 2; Under 18 freestyle, A. Shanahan 1, L. Groombridge 2; Open backstroke, S. Shaw 1, J. Purdy 2.

Jim Byrne has also started back in business after an absence of seven weeks.

Congratulations are in order for Colin and Lynette Cotter,

who recently became the proud parents of Stephen Francis.

Colin and Lyn were very valuable members of the reel and line teams for several years, and also gained many points for the club in beach events at the Royal Life carnivals.

Welcome back to Roy Bailey, chief instructor and property officer, who returned from his honeymoon with Marlene.

The next monthly executive meeting will be held in the clubrooms on Thursday, November 5, at 7.30 p.m.

Hello Girls,
Who in your family won't wear a sleeveless top or maybe, you won't venture out in shorts and all because of a birthmark, a scar or a nasty discoloration? You know there is no need for the embarrassments. No, not when you apply Covermark. This waterproof opaque cream can be used to fill out scars as well as conceal. As I said; waterproof — so you can swim without washing away Covermark application.
Medically approved for any skin, at any age, and there is a variety of skin tone colors for you to achieve the best results. Covermark Finishing Powder not only makes the cream matte, but is the secret of the waterproofing. Now that you have applied the Covermark correctly you will find it will remain until you use Removing Cream.
Spotstik (waterproof Covermark in stick form) is for temporary and small blemishes. Spotstik is waterproof and the easy way to cover dilated blood vessels on face, liver spots on hands, small broken veins on legs, pimples and eruptions, as well as dark circles under eyes.
L.O.L. Antiseptic Lotion — marvellous results on oily skins, blemished skins, minor burns, cuts or bruises. Also a sensible way to cover your nose and prevent sunburn — as you pick your own skin coloring — not that big white greasy blob we so often see. Read Covermark pamphlets, take home a sample, cover that blemish and see for yourself — then go buy this years briefest bikini with confidence!

Miners Real Hair Lashes Girls! Flashy lashes, Natty Lashes; Rounded lashes and Lower Lashes at a ridiculous price. Black and Brown. If you need another pair these are for you. A little bit apprehensive. Girls why not be cagey and buy lower lashes and wear them as uppers? These lashes have the invisible base, so no worries if you have shaky hand when fitting them on. Don't masacara false lashes if you don't want to be wearing "sticks".
Big eyes are in by Revlon. A modern mirrored compact containing four colors in eyeliner and a brush for both. Be quick before they all go.
Bye.

Danger, but who's worried?

A few stray sparks from this blazing car could result in a serious explosion at the storage tanks in the background.

But who's worried?

These fire fighters from the Upper Ferntree Gully Country Fire Authority know their job well and quickly douse the simulated service station blaze during an Australian Fire Prevention Association demonstration at Altona last week.

'PETROCHEM' GETS ANOTHER 28 DAYS

Altona Council last week gave the Altona Petrochemical Company a further 28 days — until the council's last meeting in November — in which to complete its environmental control programme.

In moving this motion, Cr. Les Crofts said, "In all fairness we must extend the time limit until the company's programme of works is completed."

He produced a letter from the company, signed by plant manager Mr. P. L. Moore, which gave a detailed list of works completed to date and said that all remaining projects were continuing on schedule.

Mr. Moore said he expected all outstanding items to be completed by the end of the year.

"As part of the start-up of our modified water effluent treatment facilities, the first stage pH control system was commissioned during the month and is now operating satisfactorily," he said.

"However, the start-up of the main pond system continues to be plagued by problems."

Mr. Moore said a three-week delay was caused due to mechanical problems with the pumps, and start-up activities

have again had to be postponed because of a partial failure of a pond wall.

Cr. Crofts said council's health inspector would continue to visit the company daily and would issue another report, as would the company, after 28 days.

TOTAL FIRE BAND!

Altona North scored a first this week, when it was announced that Margaret Zolnai and Trudy Walton had been elected president and secretary of the Total Fire Band.

Not a unit of the Country Fire Authority, the Total Fire Band is a pop group.

The idea behind the fan club is to promote the group's records and appearances. In return, they visit each of the groups to make themselves known.

The vice-president Lyn Kent, who was already elected, also lives in Altona North.

Anyone interested in joining the club may write to Margaret at 22 Begonia Avenue, Altona North, 3025.

SKELETON CREEK AS OPEN SEWER

"If history repeats itself Skeleton Creek will become like Kororoit Creek—an open sewer for industrial and some household effluent," Cr. Les Crofts said at the council meeting last week.

He was speaking on a Melbourne Metropolitan Board of Works' proposal to declare Skeleton Creek a main drain.

Cr. Crofts said the situation at Kororoit Creek had occurred with MMBW "approval" and because of lack of "MMBW supervision."

"There has been pollution in Kororoit Creek for

years. It has been brought to the Board's notice yet it still has been allowed to continue," he said.

Cr. Crofts said the council should inform the MMBW that it was not in favor of them taking over Skeleton Creek.

"What happened to Kororoit Creek could happen to Skeleton Creek if we don't protest now," he said.

"We have had enough of MMBW drains polluting our beaches. From my experience they can't control pollution going into the bay now, how are they going to stop pollution going into Skeleton Creek?"

Cr. Crofts moved that the council should write to local MLA Mr. Larry Floyd, acquaint him with the facts, and ask him either to raise the matter in the House or take it up with the Minister for Local Government.

Cr. Harry Weaver, the council's MMBW commissioner, said he would oppose the motion.

"I have been assured by the MMBW that they would improve the creek if they took control," he said.

In answer to a question from Cr. Doug Grant, Cr. Weaver said that nobody had control of the creek at the moment.

Cr. Crofts' motion was passed with a six-two majority.

Election date move fails

A move by Altona council to change the date of municipal elections so

they would not clash with school holidays has failed.

Mayor (Cr. Doug Grant) said at the meeting last week that he moved the item at a Municipal Association meeting recently, but it had not been carried.

COUNCIL SAYS 'NO' TO FUN PARLOR

Altona council was split 5-3 in its decision last week not to grant permission for a fun parlor to be operated at a fish and chip shop at 5 Misten Avenue.

A motion by Cr. Les Crofts that permission be granted on a trial basis of three months was defeated with Crs. Crofts, H. Weaver and P. Burns voting for, and Crs. D. Grant, C. Carlsson, P. Lynch, R. Richards and I. Stewart against.

Mr. J. Pavlidis of Misten Avenue, in a letter tabled before council, said he would like to provide some entertainment "for young people who hang around the shops now and appear to be looking for something to do."

"I would like the council to agree to allow me to hire one soccer table, one billiard table and one flipper machine," he said.

Mr. Pavlidis said he would be pleased to comply with council requirements and would close the entertainment area if trouble arose during the three months trial period.

Genuine

Speaking for the motion, Cr. Les Crofts said council's health officers had discussed the matter and Mr. Pavlidis had complied with suggestions they had made.

"It appears this gentleman is genuine and I feel that permission should be given for a three month trial period," he said.

The motion was seconded by Cr. Pat Burns and Cr. Charlie Carlsson said he would be opposing it.

Cr. Crofts said fun parlors had always been well conducted in the municipality.

"I believe we must provide entertainment for the young people. If there is an earnest desire to do so, I feel we would not be doing wrong in giving a trial period."

Cr. Burns said that if a railing was put up in the shop there would be ample room to sell fish and chips and conduct a fun parlor.

Opposing the motion Cr. Carlsson said he did not want to cast reflections on the applicant or any other fun parlor proprietor or in the way they were controlled.

Disturbed

"It is what goes on outside them that I am worried about," he said.

"People were disturbed when this parlor opened before, and were happy when it closed. I know for certain there will be a deputation if it opens again."

Cr. Stewart: "I agree with Cr. Carlsson on two points. This parlor is opposite a school and there are two other parlors within easy walking dis-

tance. I can't see any reason for another one."

Cr. Lynch: "I support Cr. Carlsson. What I want to know is when do we reach saturation point? Is there any limit to the number of parlors we are going to allow?"

Cr. Richards: "I'm also against the motion. It's the exterior that bothers me. This type of premises attracts undesirables and I don't believe young lasses should be subjected to these indignities."

Cr. Crofts: "Not one speaker has opposed the application because of the problem of the participation of the young people in the parlor itself."

"I don't think it is fair on these people to say they are responsible for

what goes on outside their place.

"I can name a number of places where young people congregate and where certain remarks can be heard, and I feel the council is to blame because we don't provide more facilities."

No right

Cr. Crofts said he felt the youngsters should have the right to choose their own form of entertainment.

"And if it comes to a legal ruling the council does not have the right to ban these machines in shops," he said.

Cr. Burns: "If we stop this application it will mean the man has been convicted without a trial."

Council OK to oil pipeline

Altona council has no objection to the proposed oil pipeline being re-routed over land instead of across the Bay.

Mayor (Cr. Doug Grant), at the meeting last week, said he had attended a luncheon where the company's plans were made public.

"The pipeline is necessary for industry such as we have in Altona to operate, so there is no point in objecting," he said. "Industry needs the crude oil."

MAN TOLD IN COURT TO LOOK FOR WORK

A 26-year-old Newport man who pleaded guilty to having insufficient means of support, was given a chance to redeem himself, provided he registered for work within 48 hours, when he faced Mr. J. R. Aitken, S.M., at Footscray Court last Thursday.

Mr. Aitken adjourned the charge against John Daryl Guthrie of 481 Melbourne Road, Newport, until October 28, 1971, and placed him on a \$20 good behavior bond.

Mr. Aitken said he found the charges proved, but would give Guthrie "an opportunity to redeem

yourself and become a responsible citizen."

"I am placing you on a bond provided you register at the Newport Employment Centre within 48 hours. Otherwise I will instruct the constables to arrest you and you will go to gaol for a considerable time," he said.

Constable Laurence John Walsh (Yarraville) said he saw Guthrie standing near a car wreck in

Sutton Street, Spotswood, on October 17.

He said there was a pillow and blanket on the floor of the car and that Guthrie told him he had spent the previous night there.

In an interview at the police station, Constable Walsh said Guthrie told him he had no fixed place of address, but was previously at 481 Melbourne Road, Newport.

"Guthrie had three

cents on him at the time, and said that he had been put out from where he had been staying because he was three weeks behind in his board," Constable Walsh said.

"He said it was about four weeks since he had last worked."

Guthrie told the court he had recently received a taxation refund cheque for \$150 and this would help him get a job.

Probationary driver loses licence

An 18-year-old North Altona probationary driver had her licence cancelled and was fined \$30 when she faced Mr. J. R. Aitken, SM, on a driving charge at Footscray Court last Thursday.

Barbara Ellen Harnden of 65 McIntyre Drive, North Altona, pleaded guilty to failing to give right of way.

Helmuth Rausch, apprentice boiler maker of North Altona, told the court he was travelling west in Maston Street on November 30, 1969.

He said he approached

the Second Avenue intersection and was almost across when he saw Harnden on his left.

"I swerved to miss her, but we collided," he said.

Constable Kevin Little (Altona) said Harnden told him in an interview that

she had stopped to make a right hand turn at the intersection.

"I didn't see the other car coming and even if I had, I couldn't have done anything because he was travelling so fast," she said.

DOG CLUB TRIUMPHS

The Hobson's Bay Obedience Dog Club almost scooped the pool at the recent obedience trials at Geelong.

Members of the club were awarded first, second and third places in the novice dog class. They also came first in the novice bitch and third in the open bitch section.

When it is considered that the local club's members were competing against some of the best obedience dogs in Victoria, it was a good effort.

The first place in the novice dog section was won by a member of the club's Port Melbourne branch.

Other results are:
Novice dog — Mrs. N. Acreman, 2nd and pass (as this is the handler's third pass dog, she is now entitled to a companion dog certificate). Mr. N. McCarthy, 3rd and a pass.

Novice bitch — Mrs. P. Wright, 1st and a pass.
Open "B" — Mr. C. Lowery, 3rd and a pass.

The Altona branch of Hobson's Bay Obedience Dog Club trains behind the Civic Offices, Civic Parade, Altona, every Sunday at 10.00 a.m.

First to wed in new church

The ceremony was conducted by Rev. John Lawley.

Police seek owners

Altona police are holding various items of lost property and ask owners to pick them up at the station.

The items are two sums of money, a ladies' wrist watch, a door key and money, a man's wrist watch, two purses containing money and child's pusher.

PRIVACY LOST OVER FENCE

The height of concrete filling laid at new flats in Newport has brought complaints from a Newport ratepayer.

Mr. W. J. Walker, of Blenheim Street, West Newport, wrote to Williamstown Council complaining that the concrete, which had been poured right up to his fence, was 18 inches high.

At this height, people standing on the flats side of the fence could easily look into his yard, depriving his family of their privacy.

The council instructed the planning officer to look into the matter.

Ads unseated

The Western Suburbs Municipal Association has recommended that there should be no more advertising on street seats.

The Association decided this as part of its beautification plans. It has asked all councils to consider the matter, as banning advertising would slightly reduce each municipality's income.

The Going Thing is going places

It is almost eight months to the day since Ford Australia's group — The Going Thing — performed for the first time in public.

In that time, the group has travelled more than 30,000 miles around Australia and New Zealand performing live and on radio and television.

That's a lot of travelling and it's only just begun.

During the next two months the group will notch another 30,000 miles with two more round-Australia trips.

The first begins in Brisbane with a whirlwind tour of all capital cities of Australia to promote a new season swimwear fabric, Lycra by Du Pont, and the Escort and Capri Ford range.

Trip to UK

A further trip to New Zealand is also on in November and negotia-

tions are under way for a further short overseas tour to the UK early in 1971.

The eight members of the group are: Organist Garry Lambert, 21, of Queensland; drummer Geoff Pretty, 26, of SA; lead guitarist John Litchfield, 21, of NSW; bass guitarist David Murray, 21, of NSW; vocalist Bill Hanson, 23, of Victoria; vocalist Diane Elford, 19, of Victoria; vocalist Patsy Wills, 20, of SA; vocalist Megan Lorimer, 18, of NSW.

The Going Thing was formed in January this year following an extensive nationwide search for talent by Athol Guy and Ford's marketing plans and promotions manager David Watson.

Finally, 23 young artists were invited to Melbourne for final auditions and what turned out to be a non-stop two-day "jam session."

The Going Thing was chosen at the end of this session.

The Going Thing's

activities and promotion are under the control of the Ford Motor Company of Australia.

Ford has retained former Seeker Athol Guy, as musical and executive director. John Ashby, a former manager of the Seekers is the group's tour manager.

Record

A major step forward was taken in July this year when the Going Thing released its first record, a single, released on the Sweet Peach label.

The two songs are "Hey, Wait For Me," and "I'm Feeling Fine." The latter tune was written by group member John Litchfield.

The Going Thing's association with Ford has meant many additional group responsibilities perhaps not undertaken by other musical groups in Australia today.

Regular classes are arranged in gymnasium, choreography, acting, grooming, and so on. But working with

Ford has compensations. On being chosen as a member of the Going Thing, each member was given a new Capri, equipped with Extras, including stereo tape deck.

As well, they each receive a sizeable annual salary and retain all money earned during normal appearances.

SINCERITY THE KEY TO COL'S SUCCESS

'Local boy' wins Ford dealership

New Ford dealer Col Paige

There are many car dealers who boast personalised service and a genuine interest in the welfare of their customers but it's rare to find a man who practices what he preaches as Col Paige.

Col has just clinched the huge Ford dealership on the corner of Hopkins and Cowper streets, Footscray, together with the Sunshine branch on the corner of Ballarat Road and Ashley Street.

And he figures the best way to make them a success is through personal involvement and plain old sincerity.

Being a Footscray boy, born and bred, he naturally has a genuine interest in the people of the area.

His late parents, George and Mona, lived in Footscray all their lives and raised Col at their Moore Street home.

George Paige was deeply interested in youth work and was a life member of Footscray Youth Club.

Up to the age of about

20, Col was a keen footballer.

During his sports career he wore the colors of Footscray YCW, Parkside, St. John's YCW, Footscray CYMS and Footscray Football Club Thirds.

At the age of 34, Col reckons he's a bit old to be playing football, so he keeps in shape on the squash courts.

Educated at St. Monica's, Col served an apprenticeship as a motor engineer at the Department of Supply—right opposite the site of his new Maidstone dealership.

After becoming a certified A grade mechanic, he was tempted by the challenge of selling and joined Airline Motors, in Essendon.

When the company was taken over by Duhig Ford in 1965, Col became a director. He met the challenge well.

Being married—he and his wife Val have two young children—Col appreciates the financial problems of young couples and has a variety of ways in which he can help them.

Col's policy is personal involvement. He listens to his customers and he does what is best for them.

Also, he insists that his salesmen do business the way he does. Sincerity is always demanded.

Col's right hand man is Tony Mitchell, former business manager with Duhig Ford.

Together they provide a service that is geared not only to selling cars but to satisfying the needs of their customers.

Col invites anyone with a query or a problem to phone him anytime on 68 5781.

Day in the field

Altona C Graders spent a long day in the field on Saturday as Telegraph amassed 198 runs.

At stumps Altona in reply were no wicket for 24 runs and as they have shown strength in their batting in the two games to date this season the total of 198 should be within their capabilities providing all players contribute.

Neville Helley and Rodney Gray opened the bowling on a wicket which provided little life and the Telegraph openers looked settled until Gray, in his fourth over, was able to get one past Scott.

From 1/12 the opposition were able to consolidate to 51 without further loss, until Henry Osowski, relieving Helley, almost immediately achieved success.

Gray followed with two quick wickets and when Osowski struck again the game had suddenly turned Altona's way — 5/64.

Unfortunately fielding lapsed and a vital chance was dropped off a batsman who was to go on and score 11 runs.

Partnerships of just on 50 for both the sixth and seventh wickets assured Telegraph of a sound score.

Bill Bibby showed the type of determination required in holding a difficult chance close to the ground and it is to be hoped that other members of the team follow Bill's example as it appeared at this stage that several of the players either lost interest or suffered from complete loss of concentration.

Telegraph's last wicket fell at 5.28 leaving Altona a rather uneasy 24 minutes in which to bat.

But Bibby and Wayne Patton batted soundly to put on 24 runs.

Ladies bowling

The following are the results of the competition Altona Ladies' Bowling Club held over the weekend.

Pennant: Al team defeated Auburn 98-91.

B2 team defeated Footscray Park, 102-90. B. Davis, J. Black, B. Tribe, R. Shaw, 30-21; I. Mitchell, T. Mitchell, D. Stephens, M. Anders, 23-22; E. Marlow, D. Watson, J. McNeilage, L. Pilcher, 31-18; A. Deacon, A. Carr, V. Douglas, E. Russell, 18-29.

Guest day was enjoyed with many visitors. Spider was won by E. Flynn. Ditch to ditch visitors, A. Quinton (Q. diff.), Altona, F. McDonald.

Winning rink, L. Stephenson (M. Park), M. Dowdell, V. Sinfield (Newport), E. Flynn (c.). Runners-up, J. Williker, G. Wall (Foots.), R.S.L., P. Stephens, E. Oliver (c.).

Greater risk in the west

If you reside in the western suburbs your life is in greater danger than if you lived anywhere else in Melbourne, a spokesman for the Footscray Hospital said this week.

The area around the Footscray and District Hospital is more disaster prone than the environs of any other general hospital in the Commonwealth.

Should a disaster greater than the West Gate Bridge collapse occur, many lives may be lost because the Footscray and District Hospital may not be able to accept all admissions on account of shortage in facilities.

That danger is very real. Vast plants manufacturing dangerous explosives and chemicals are located in Deer Park and Altona. Huge refinery and petroleum storage tanks are within minutes of the hospital. Two of the busiest highways lead to its front door.

The hospital expansion appeal project 'Care' will be in May, 1971.

The 300,000 residents and workers in the Footscray and District Hospital area are dependent on the success of 'Care'. The support of the people in

The money will be used to add a new wing to accommodate 160 beds, an intensive care unit, more operating theatres, additional birthrooms, new outpatients' departments and clinics.

The Footscray and District hospital may care for you sometime.

NEW BANK MANAGER

Mr. L. L. Ryan has been appointed manager of the Newport branch of the Commonwealth Bank.

He succeeds Mr. A. Young who has been promoted to management of the bank's Goroka, T.P.N.G. branch.

Mr. Ryan's banking career extends over 27 years and prior to this appointment he was manager of the bank's Newmarket branch.

Where have all the parents gone!

Dr. John Rutten from the Health Department was disappointed at the poor attendance when he came to the recent parents and citizens meeting at Williamstown High School.

Slides illustrated the talk on the use and abuse of drugs.

Dr. Rutten asked how many students attended the school.

On hearing that there were 800, he showed surprise at seeing the small group of parents — only about 17.

Dr. Rutten stressed the importance of a happy home life and the need for parents to make themselves available to their children at times when children want to talk — not when the parents are ready to listen.

He said that lack of communication was the biggest problem between the child and its parents.

Saturday, November 7 is the date for the bottle and basket social at the Masonic Hall.

This will be the last social for the year.

Ticket secretary, Mrs. Pat Bithell (391 3657) is arranging booking. Patrons should bring a basket of food and a bottle of their own choice.

Sherry will be served at 6.30 p.m. and dancing starts at 8.00 p.m.

Readers are asked to save non-returnable bottles, glass jars and cordial bottles and leave them in the 44 gallon drum provided in Ironside's garage in Ferguson Street.

This is just another

small way of helping raise funds for the proposed assembly hall.

The ladies' auxiliary will hold its annual meeting at the high school cookery centre on November 9, at 1.30 p.m.

Weekend at Lonsdale

Williamstown Youth Centre visited the Toc H camp at Point Lonsdale last weekend.

About 60 boys went to the camp and enjoyed themselves, despite the fact that it was not quite as warm as was expected.

Only two more meetings remain for the centre's ladies' auxiliary this year, on November 12 and 26.

Williamstown will be represented at Footscray YMCA's night on November 14.

For the fourth consecutive week boys competing at the Altona Centre have won all three events scheduled in their age group for inter-club competition.

This week S. Smith of the Westons club competing in the under 9 section put the shot 6.20 metres, coasted home in the 800 metres in 2 min. 58.7 secs, and ran the 60 metres hurdles in the very fast time of 11.5 secs. Smith's performance in the 60 metres hurdles was particularly meritorious, as his time was only .2 secs. outside the fastest heat of the boys under 10 section, for the same event.

Stephen Smith returned some excellent performances last season, his first in Little Athletics, and also in the under 9 section.

However, consistent training has enabled Stephen to improve his style particularly in field events so that this season he has developed into an excellent all round little athlete.

Many other good performances were recorded by both girls and boys, the most noteworthy of which were as follows:

Girls' under-9 long jump, S. Curran (SM) 3.02 metres.

Girls' under-11 high jump, L. Forbes (A) 1.14 metres.

Girls' under-9 800 metres walk, A. Thompson (AN) 5 min. 39.3 sec.

Girls' under-11 400 metres, J. Ryan (AN), 1 min. 15.5 secs.

Girls' under-12 800 metres, R. Osborne (W), 2 min. 52.1 sec.

Boys' under-11 high jump, C. Wyllie (A) 1.22 metres.

Boys' under-12, long jump, G. Sullivan (SM) 4.31 metres.

Boys' under-9 800 metres, D. O'Brien (SM), 2 min. 46.9 secs.

Boys' under-9 60 metres hurdles, S. Smith, 11.5 secs.

Boys' under-10 800 metres walk, P. Clements (AN), 4 min. 57.9 secs.

Boys' under-11 1500 metres, P. Curran (SM) 5 min. 31.7 secs.

Boys' under-12 200 metres, P. Curran (SM), 31.2 secs.

Boys' under-12 200 metres, G. Sullivan (SM), 29.2 secs.

Boys under-13 200 metres, B. Dodd (W), 29.7 secs.

Boys' under-13 400 metres, W. Gilpin (SM), 1 min. 5.6 secs.

Challenge for A graders

Altona VJCA A Graders have had a challenge thrown straight at them by Telegraph.

The opposition put together 187 runs and in reply Altona are three for 34. Next week they should do it — but in cricket, who knows?

The match is in picturesque but exceedingly small surroundings near the Botanical Gardens and after winning the toss Altona elected to send the home side in on what appeared a lively wicket.

Although the opening bowlers tried hard the first wicket was a long time in coming.

The opposing batsmen carried on merrily with a frustrating mixture of painstaking defence and elegant, swashbuckling flashes of the bat — shots which literally shot to the nearby boundary.

Veteran James Page was swung into the attack and immediately brought success. His first over yielded one run but it cost the batting side two wickets.

The score now stood at two for 37 and this slowly increased until Page, evidently in devilish mood struck again, this time taking the wicket of Robinson who had contributed a risky but breezy 57.

At 91 Hore fell to a good running catch by coach Hansen off Bob Dare's bowling. Further wickets fell to new-comer Colin Shaw (2), Dare and Page (4).

Altona's fielding at times showed brilliance, but at other periods it was reduced to a dull plodder. Jim Page bowled creditably for the figures of 6/68.

Telegraph's innings had closed at 187, not a really good score on such a small ground. But with dropped catches and touch and go decisions (the "go" part was the umpire's) their score would have been smaller.

With just on an hour left for play Altona was hit by disaster in the third over when a dismissed David Hitchcock re-

turned scoreless to the pavilion.

A hanging bat, a thick edge, and Oram was out for two, and the score became three for 27 when Duckett with a full blooded pull shot sent up a catch which stuck.

GOOD VALUE FROM SUPER-SALESMAN

(As quoted by Innisfail Evening Advocate)

About 300 Innisfail and district women went to the shire hall on Friday afternoon and left a lot of money there.

It went into the pocket of a name-dropping super-salesman, Jim McLaughlin.

The ladies were happy to hand over their dollars.

In return they got full value in the way of steam irons, household goods, watches, canteens of cutlery and what have you.

Also, Mr. McLaughlin kept them entertained with a lively line of patter.

Also, he gave them something for nothing despite his own axiom that all you could get for nothing was—nothing.

He threw among his audience, cigarette lighters, pens and pantyhose.

"CHICKEN FEED"

He asked five cents each for these lines, but his two male assistants did not care whether they collected the money or not.

This was mere chicken-feed.

When Jim got among the big stuff—automatic toasters, electric sewing machines, tea and coffee services—the salesmanship was solid and the buying keen.

By this time, following his free gifts and bright line of talk, he had established cordial relations with the womenfolk and such was his magic they, in cases, bought

more than they would have done in a store.

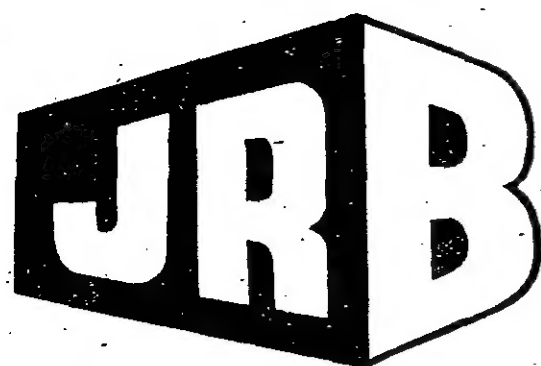

And all the women, after a lively spiel under Jim's hypnotic, appeared to be quite contented as they walked down the stairs with their purchases.

NAME BRANDS

Which was understandable because all the stuff Mr. McLaughlin unloaded was good stuff—famous name brands.

That was his gimmick, the sale of quality goods at a little less than they cost in the shops.

It was, as he frankly publicised it, an advertising sale and as such was a huge success.
